

Virtual Coaching for Instructional Leaders

Empowering school leaders to drive impactful coaching and improve instructional outcomes.

What is it?

Sibme's Virtual Coaching for Instructional Leaders provides **expert 1:1 support** to help **school leaders refine their coaching skills, apply research-based best practices, and guide teachers effectively** through a structured coaching cycle.

Who is it for?

School Principals and Assistant Principals aiming to enhance instructional leadership.

Instructional Leaders seeking structured coaching support.

District Leaders looking to improve coaching impact across multiple schools.

What to Expect?

1:1 Coaching Sessions

Seven-week coaching cycle tailored to school leaders' needs.

Ongoing Feedback & Support

Structured support for implementing best practices in coaching and leadership.

Transition from Learning to Application

Application of AI-powered Insights to enhance instructional leadership.

Personalized Learning Plan

Flexible scheduling to fit your busy schedule.

"Engaging in the CTC cycle through Sibme has transformed my confidence as an instructional leader, helping me prioritize impactful coaching and empowering teachers to take bold risks with research-based strategies. By leveraging AI and the collaborative power of the Sibme platform, I've gained a true partner in driving meaningful growth and improvement in classrooms"

Brittany Pritchard, Elementary Assistant Principal, Rochester Academy Charter School, Rochester NY

The Coaching Cycle & Learning Outcomes
